Hello Stephen,

I spoke with the manager who has had the concurrence package for the past two weeks, and expressed that there was some interest you as a representative of NORCO in having this wrapped up as soon as possible. Although I do not foresee any problems with the orders (there are some minor edits in both orders that I will forward to you in redline, if blessed by the remaining two managers), I believe that NORCO, through its representatives, will receive the orders within the next week.
